RM1 - Moderate
RB1 - Balanced
RG1 - Growth
REG1 - Equity Growth

<b>Tax Managed Strategies</b>	(Minimum Investment \$25,000)
-------------------------------	-------------------------------

RTC1 - Tax Managed Conservative
RTM1 - Tax Managed Moderate
RTB1 - Tax Managed Balanced
RTG1 - Tax Managed Growth
RTEG1 - Tax Managed Equity Growth

- \* The target equity and fixed income allocations established for each strategy apply at the time the Account is opened or rebalanced, which may deviate from the actual allocation as a result of the capital appreciation or depreciation of the underlying funds. AMS or Russell Investments reserves the right to modify the target allocation. Fund investments and cash target allocation weights (by %) are available upon request from your financial advisor. Tax Managed strategies are not available for investment in tax-qualified retirement Accounts. Tax Managed strategy selections made on behalf of tax-qualified retirement Accounts will be automatically invested in the non-Tax Managed strategy. For example, IRA and/or ERISA accounts that select the Balanced Tax Managed Strategy will be automatically invested in the Balanced Strategy
